CBSX Trader News Update

CBSX to Add New Stocks for Trading

TO: Members

SUBJECT: WisdomTree Trust

Compliance and supervisory personnel should note that, among other things, this Information Bulletin discusses the need to deliver a prospectus to customers purchasing shares ("Shares") of the one (1) exchange-traded fund ("Fund") listed below issued by WisdomTree. Please forward this Information Bulletin to other interested persons within your organization.

The following securities have been approved for trading on CBSX:

<u>Exchange-Traded Funds</u>	<u>Symbol</u>
WisdomTree International Hedged Equity Fund	HEDJ

Background Information on the Fund

The WisdomTree Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the WisdomTree International Hedged Equity Fund (the "Fund"). The shares of the Fund are referred to herein as "Shares." WisdomTree Asset Management, Inc. (the "Adviser") is the investment adviser to the Fund.

The Fund, using a low cost "passive" or "indexing" investment approach, seeks investment results that correspond generally to the performance, before the Fund's fees and expenses, of the WisdomTree DEFA International Hedged Equity Index (the "Index").

The Fund seeks to provide international equity returns while mitigating or “hedging” against currency fluctuations. The Index and the Fund are designed to have higher returns than an equivalent non-currency hedged investment when the U.S. dollar is going up in value relative to foreign currencies (e.g., the U.S. dollar is rising relative to the euro). Conversely, the Index and Fund are designed to have lower returns than an equivalent non-hedged investment when the U.S. dollar is falling in value relative to foreign currencies (e.g., the euro is rising relative to the U.S. dollar). Of course, there can be no guarantee that the Index or Fund will achieve its respective objective. Since the Fund’s investment objective has been adopted as a nonfundamental investment policy, the Fund’s investment objective may be changed without a vote of shareholders.

To be included in the Index, companies must be incorporated and listed for trading in one of 16 developed-market European countries (Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom), Japan, Hong Kong, Singapore, or Australasia. The Index currently includes a relatively large percentage of companies organized in France and the United Kingdom. This may change from time to time based on the amount of dividends paid by companies in the Index. Also, companies must have paid at least \$5 million in cash dividends on their common stock in the annual cycle prior to the most recent Index measurement date and must also satisfy specified liquidity and other requirements. Companies are weighted in the Index based on regular cash dividends paid. The Index applies an applicable published WM/Reuters one-month currency forward rate to the total equity exposure of each country in the Index to adjust the value of each currency against the U.S. dollar.

The Fund operates as a “fund of funds”. This means that the Fund invests its assets primarily in other WisdomTree ETFs that, in turn, invest in equity securities in Europe, Far East Asia and Australasia. By investing in these Underlying ETFs, the Fund will achieve exposure to the equity securities in the Index. Currently, the

Fund’s Underlying ETFs are the WisdomTree Europe Total Dividend Fund, Japan Total Dividend Fund and Pacific ex-Japan Total Dividend Fund. The Fund intends to enter into forward currency contracts or futures contracts designed to offset the Fund’s exposure to non-U.S. currencies. A forward currency contract is a contract between two parties to buy or sell a specific currency in the future at an agreed-upon rate. A currency futures contract is a contract to exchange one currency for another at a specified date in the future at an agreed upon exchange rate. The amount of forward contracts and futures contracts in the Fund is based on the aggregate exposure of the Fund and Index to each non-U.S. currency. While this approach is designed to minimize the impact of currency fluctuations on Fund returns, this does not necessarily eliminate exposure to all currency fluctuations. The return of the forward currency

contracts and currency futures contracts may not perfectly offset the actual fluctuations of non-U.S. currencies relative to the U.S. dollar.

The Fund will normally invest at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in the types of investments suggested by its name (i.e., the securities in its underlying Index) or in WisdomTree Funds that provide exposure to such securities. The Fund also may invest its assets in cash and cash equivalents, as well as in shares of other investment companies, forward contracts, futures contracts, options on futures contracts, options, and swaps. WisdomTree Asset Management expects that, over time, the correlation between the Fund's performance and that of its Index, before fees and expenses, will be 95% or better.

Please see the Fund's prospectus for additional information concerning the Fund and its investment objectives.

As described more fully in the Trust's prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 50,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

The Fund pays out dividends, if any, to investors at least annually. The Fund distributes its net realized capital gains, if any, to investors annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at www.wisdomtree.com.

Dissemination of Fund Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Funds to Tape B.

Fund Name	Listing Market	Trading Symbol	IOPV	NAV
WisdomTree International Hedged Equity Fund	NYSE Arca	HEDJ	HEDJ.IV	HEDJ.NV

Purchases and Redemptions in Creation Unit Size

Exchange members are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and SAI, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Exchange Rules Applicable to Trading the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, currency risk, foreign securities risk and underlying ETF risk.

Trading Hours

The values of any security underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on the CBSX from 8:00 a.m. CT until 3:00 p.m. CT. The trading increment for the Fund's Shares will be \$0.01.

Extended Hours Trading

Members are reminded that trading in the Fund's Shares prior to 8:30 a.m. may result in additional trading risks which include: (1) that the current underlying

index value may not be updated, (2) the intraday indicative value may not be updated, (3) lower liquidity may impact pricing, (4) higher volatility may impact pricing, (5) wider spreads may occur, and (6), since the intraday indicative value is not calculated or widely disseminated, an investor who is unable calculate an implied value for an ETF in those sessions may be at a disadvantage to market professionals.

Trading Halts

The Exchange will halt trading in the Shares based on Rule 52.3 and/or because dissemination of the intraday indicative value of the Shares and/or the underlying value of the index has ceased.

Suitability

Members are reminded of their obligation under Rule 53.6 whereby the Member shall use due diligence to learn the essential facts relative to every customer prior to trading the Shares or recommending a transaction in the Shares that an investment in the Shares is suitable for the customer. Members should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Commission.

Delivery of a Prospectus

Consistent with the requirements of the Securities Act and the rules thereunder, investors purchasing Shares in the initial public offering and anyone purchasing Shares directly from a Fund (by delivery of the designated securities) must receive a Prospectus. In addition, Members are required to deliver a Prospectus to all purchasers of newly-issued Shares (i.e. during the initial public offering). Members purchasing shares from a Fund for resale to investors will deliver a Prospectus to such investors.

Prospectuses may be obtained through the Fund's website. The Prospectus does not contain all of the information set forth in the Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the Commission. For further information about a Fund, please refer to the Registration Statement.

In the event that a Fund relies upon an order by the Commission exempting the Shares from certain Prospectus delivery requirements under Section 24(d) of the 1940 Act and makes available a written product description, the Exchange requires that Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the

Trust, no later than the time a confirmation of the first transaction in the Shares, is delivered to such purchaser. In addition, ETP Holders shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a Member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

An Member carrying an omnibus account for a non-Member is required to inform such non-Member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-Member to make such written description available to its customers on the same terms as are directly applicable to Members under this rule.

Upon request of a customer, Members shall also provide a copy of the Prospectus.

This Information Bulletin is not a statutory Prospectus. Members should consult the Trust's Registration Statement, SAI, Prospectus and the Fund's website for relevant information.

Inquiries regarding this Information Bulletin should be directed to David Reed, 866.458.2279.
