

## CBSX Trader News Update

**REMINDER – CBSX Moving to NY4 Next Week, July 1st**

### Overview

On February 7, 2011, CBSX announced it is moving its systems to Equinix's NY4 IBX® datacenter in Secaucus, NJ. The final Industry Test will be conducted this weekend.

Below is a timeline with key dates of specific milestones that are necessary to ensure a smooth transition to NY4 utilizing test products. Today, June, 24, 2011, systems will continue to be available for mock trading of CBSX at NY4 utilizing test products. To schedule a test or to receive a list of test products available for mock trading, please contact the API Group at [API@CBOE.COM](mailto:API@CBOE.COM) or call 312-786-7300.
