RE: Restrictions on Transactions in Centrais Electricas Brasileiras SA (EBR.B/EBRB)

Effective May 19, 2016, Centrais Electricas Brasileiras SA (EBR.B/EBRB) (representing preferred shares) will be delisted from the NYSE and move its listing to the Other-OTC Market under the symbol EBRBY. Therefore, trading in EBRBY options will be subject to restrictions.

Trading on CBOE in existing series of EBRBY options will be subject to the following restrictions. Only closing transactions may be affected in any series EBRBY options except for (i) opening transactions by Market-Makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE TPH organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in EBRBY options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. TPH organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25.

There are no restrictions in place with respect to the exercise of EBRBY options.
