RE: Routing of Firm and Broker-Dealer Orders to PAR Stations in DJX

As in OEX, the Exchange's order routing system has been enabled to route firm and broker-dealer orders to the PAR workstations in the DJX trading crowd. All other enhancements to the ORS which are detailed in Regulatory Circular RG97-67 will apply equally to trading in DJX as they do at all other trading crowds on the floor.

For further information, or questions, please contact Tim Watkins at 786-7172 or Anthony Montesano at 786-7365.
