Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

BATS Exchange, Inc. (the “Exchange” or “BATS”) is filing this Partial Amendment No. 2 to SR-EDGX-2015-18 (the “Filing”), which was originally submitted on April 30, 2015. BATS filed Amendment No. 1 on August 3, 2015, to modify certain details around the proposed program for Directed Orders, particularly with respect to small size orders. The purpose of this Amendment No. 2 is to modify the date of expiration of the Penny Pilot Program to coincide with the date currently in place on other options exchanges and to make slight modification to the section of the Filing related to National Market System plans that the Exchange is party to and intends to join. In addition to these specific areas, the Exchange requests that the Proposal, as amended, be approved on an accelerated basis, as described below.

Specifically, the Exchange is proposing to make the following changes to the pending 19b-4, Exhibit 1, and Exhibit 5:

(1) Replace the last full paragraph starting on page 9 of 241 of the Filing with the following:

Penny Pilot Program. Upon initial operation of EDGX Options the Exchange proposes to commence trading, pursuant to the Penny Pilot Program (the “Penny Pilot”), all classes that are, on that date, traded by other options exchanges pursuant to the Penny Pilot, which is currently scheduled to expire on June 30, 2016, unless extended.

The Exchange proposes to make the same change to the first full paragraph on page 59 of 241 in the Exhibit 1. The Exchange also proposes to replace Interpretation and Policy .01 to Rule 21.5, which appears on page 164 of 241, with the following:

.01 The Exchange will operate a pilot program set to expire on June 30, 2016 to permit options classes to be quoted and traded in increments as low as \$.01. The Exchange will specify which options trade in such pilot, and in what increments, in Information Circulars distributed to Members and posted on the Exchange’s web site. The Exchange may replace any penny pilot issues that have been delisted with the next most actively

traded multiply listed options classes that are not yet included in the penny pilot, based on trading activity in the previous six months. The replacement issues may be added to the penny pilot on the second trading day following July 1, 2015 and January 1, 2016.

(2) Replace first paragraph in the section entitled “National Market System”

beginning on page 34 of 241 with the following:

National Market System

The EDGX Options Exchange will operate as a full and equal participant in the national market system for options trading established under Section 11A of the Exchange Act, just as its equities market participates today. The EDGX Options Exchange will become a member of OPRA, the Options Regulatory Surveillance Authority (“ORSA”), and the Options Listing Procedures Plan (“OLPP”). In addition, the Exchange is a participant in the Plan for the Selection and Reservation of Securities Symbols. The Exchange notes, as set forth above, that it will also join OCC prior to the launch of EDGX Options.

The Exchange proposes to make the same change beginning on page 84 of 241 in the Exhibit 1.

Request for Accelerated Approval

The Exchange requests that the Commission approve this proposed rule change on an accelerated basis pursuant to Section 19(b)(2) of the Act. The Exchange believes that there is good cause for the Commission to accelerate effectiveness because it would modify the date of the expiration of the Penny Pilot Program to coincide with the date currently in place on other options exchanges and to make slight modification to the section of the Filing related to National Market System plans (“NMS Plans”) that the Exchange is party to and intends to join. The change will therefore result in rules that are more similar to the approved rules of other options exchanges and a Filing that is more complete with respect to applicable NMS Plans. The Exchange further believes that the

proposed rule change would not impose a burden on competition for the reasons set forth in the Filing. The Exchange believes that accelerated effectiveness of the Filing, as amended, will permit the Exchange to compete with other exchanges without delay, and that such acceleration is appropriate because there has been ample time for review and comment on the proposal. As a result, the Exchange believes good reasons exists for the Commission to accelerate effectiveness of the proposed rule change, as amended.
