Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend a fee for the S&P Select Sector Index options (“Sector Index options”). The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on February 6, 2019.

(b) Please refer questions and comments on the proposed rule change to Patrick Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Corinne Klott, (312) 786-7793, Cboe Exchange, Inc., 400 South LaSalle, Chicago, Illinois 60605.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to waive the transaction fee for Clearing Trading Permit Holder Proprietary (origin code “F” and “L”) facilitation orders in Sector Index options, executed in open outcry or electronically via AIM or as a Qualified Contingent Cross (“QCC”) or CFLEX transaction, through June 30, 2019. By way of background “facilitation orders” are defined as any order in which a Clearing Trading Permit Holder (“F” origin code) or Non-Trading Permit Holder Affiliate (“L” origin code) is contra to any other origin code order, provided the same executing broker and clearing firm are on both sides of the transaction (for open outcry) or both sides of a paired order (for orders

executed electronically).¹ Currently, the Fees Schedule provides that Clearing Trading Permit Holder Proprietary orders in Sector Index options will be assessed \$0.25 per contract. The Exchange recognizes however, that Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity and, as such, the Exchange proposes to apply a waiver of Clearing Trading Permit Holder Proprietary transaction fees for facilitation orders through June 30, 2019. Accordingly the Exchange proposes to update the Fees Schedule, including the Specified Proprietary Index Options Rate Table – Underlying Symbol List A and Sector Indexes, along with Footnotes 11 and 22 of the Fees Schedule, to reflect the proposed fee waiver.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.² Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)³ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with

¹ See Cboe Options Fees Schedule, Footnote 11.

² 15 U.S.C. 78f(b).

³ 15 U.S.C. 78f(b)(5).

Section 6(b)(4) of the Act,⁴ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

Particularly, the Exchange believes the proposed waiver of Clearing Trading Permit Holder Proprietary transaction fees for facilitation orders in Sector Index options is reasonable because it will exempt such orders from being assessed a fee. The Exchange believes that this is equitable and not unfairly discriminatory because a similar waiver also applies to other products, including other proprietary index products (e.g., MXEA, MXEF, DJX and XSP).⁵ Further, the Exchange recognizes that Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity. Such trades add transparency and promote price discovery to the benefit of all market participants. Moreover, the exemption from any fee for Sector Index facilitation orders executed in AIM, open outcry, or as a CFLEX transaction will apply to all such orders. Lastly, the Exchange notes that the proposal to waive facilitation fees for Clearing Trading Permit Holder Proprietary orders through June 30, 2019 is reasonable, equitable and not unfairly discriminatory as the Exchange has previously exempted certain transaction fees for newly listed options products for a period of time in order to promote and encourage trading in such products.⁶

⁴ 15 U.S.C. 78f(b)(4).

⁵ See Cboe Fees Schedule, "Equity Options Rate Table, "ETF and ETN Options Rate Table" and "Index Options Rate Table - All Index Products Excluding Underlying Symbol List A and Sector Indexes", all of which provide a \$0.00 facilitation fee for origin code "F" and "L" orders.

⁶ See Securities and Exchange Release 34-77547 (April 6, 2016) 81 FR 21611 (April 12, 2016) (SR-CBOE-2016-021) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Establish Fees for Options That Overlie a Reduced Value of the FTSE 100 Index and the FTSE China 50 Index).

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change will apply to all Clearing Trading Permit Holder Proprietary facilitation orders uniformly. Additionally, while the proposed transaction waiver applies only to Clearing Trading Permit Holders Proprietary facilitation orders, Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity, as further discussed above. Additionally, such trades add transparency and promote price discovery to the benefit of all market participants.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because Sector Index options will be exclusively listed on Cboe Options. To the extent that the proposed change makes Cboe Options a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(2)⁸ thereunder.

(b) The Exchange designates that the proposed rule change establishes or changes a due, fee, or other charge imposed by the Exchange, which renders the proposed rule change effective upon filing with the Securities and Exchange Commission (the “Commission”). At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amend a Fee for the S&P Select Sector Index options (“Sector Index options”)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend a fee for the S&P Select Sector Index options (“Sector Index options”). The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to waive the transaction fee for Clearing Trading Permit Holder Proprietary (origin code "F" and "L") facilitation orders in Sector Index options, executed in open outcry or electronically via AIM or as a Qualified Contingent Cross ("QCC") or CFLEX transaction, through June 30, 2019. By way of background "facilitation orders" are defined as any order in which a Clearing Trading Permit Holder ("F" origin code) or Non-Trading Permit Holder Affiliate ("L" origin code) is contra to any other origin code order, provided the same executing broker and clearing firm are on both sides of the transaction (for open outcry) or both sides of a paired order (for orders executed electronically).³ Currently, the Fees Schedule provides that Clearing Trading Permit Holder Proprietary orders in Sector Index options will be assessed \$0.25 per contract. The Exchange recognizes however, that Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity and, as such, the Exchange proposes to apply a waiver of Clearing Trading Permit Holder

³ See Cboe Options Fees Schedule, Footnote 11.

Proprietary transaction fees for facilitation orders through June 30, 2019. Accordingly the Exchange proposes to update the Fees Schedule, including the Specified Proprietary Index Options Rate Table – Underlying Symbol List A and Sector Indexes, along with Footnotes 11 and 22 of the Fees Schedule, to reflect the proposed fee waiver.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁶ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

Particularly, the Exchange believes the proposed waiver of Clearing Trading Permit Holder Proprietary transaction fees for facilitation orders in Sector Index options

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

⁶ 15 U.S.C. 78f(b)(4).

is reasonable because it will exempt such orders from being assessed a fee. The Exchange believes that this is equitable and not unfairly discriminatory because a similar waiver also applies to other products, including other proprietary index products (e.g., MXEA, MXEF, DJX and XSP).⁷ Further, the Exchange recognizes that Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity. Such trades add transparency and promote price discovery to the benefit of all market participants. Moreover, the exemption from any fee for Sector Index facilitation orders executed in AIM, open outcry, or as a CFLEX transaction will apply to all such orders. Lastly, the Exchange notes that the proposal to waive facilitation fees for Clearing Trading Permit Holder Proprietary orders through June 30, 2019 is reasonable, equitable and not unfairly discriminatory as the Exchange has previously exempted certain transaction fees for newly listed options products for a period of time in order to promote and encourage trading in such products.⁸

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of

⁷ See Cboe Fees Schedule, "Equity Options Rate Table, "ETF and ETN Options Rate Table" and "Index Options Rate Table - All Index Products Excluding Underlying Symbol List A and Sector Indexes", all of which provide a \$0.00 facilitation fee for origin code "F" and "L" orders.

⁸ See Securities and Exchange Release 34-77547 (April 6, 2016) 81 FR 21611 (April 12, 2016) (SR-CBOE-2016-021) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Establish Fees for Options That Overlie a Reduced Value of the FTSE 100 Index and the FTSE China 50 Index).

the purposes of the Act because the proposed rule change will apply to all Clearing Trading Permit Holder Proprietary facilitation orders uniformly. Additionally, while the proposed transaction waiver applies only to Clearing Trading Permit Holders Proprietary facilitation orders, Clearing Trading Permit Holders can be an important source of liquidity when they facilitate their own customers' trading activity, as further discussed above. Additionally, such trades add transparency and promote price discovery to the benefit of all market participants.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because Sector Index options will be exclusively listed on Cboe Options. To the extent that the proposed change makes Cboe Options a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become Cboe Options market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily

¹⁰ 17 CFR 240.19b-4(f).

suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Footnotes (Continued):	
Footnote Number	Description
11	<p style="text-align: center;">*****</p> <p>The Clearing Trading Permit Holder Fee Cap in all products except Underlying Symbol List A (34) excluding binary options (the "Fee Cap") and Sector Indexes (47), the Cboe Options Proprietary Products Sliding Scale for Clearing Trading Permit Holder Proprietary Orders (the "Proprietary Products Sliding Scale"), the Clearing Trading Permit Holder Proprietary VIX Sliding Scale (the "VIX Sliding Scale"), and the Supplemental VIX Total Firm Discount (the "Supplemental VIX Discount") apply to (i) Clearing Trading Permit Holder proprietary orders ("F" origin code), and (ii) orders of Non-Trading Permit Holder Affiliates of a Clearing Trading Permit Holder. A "Non-Trading Permit Holder Affiliate" for this purpose is a 100% wholly-owned affiliate or subsidiary of a Clearing Trading Permit Holder that is registered as a United States or foreign broker-dealer and that is not a Cboe Options Trading Permit Holder. Only proprietary orders of the Non-Trading Permit Holder Affiliate that clear through a Cboe Options-registered OCC clearing number(s) will be included in calculating the Fee Cap, Proprietary Products Sliding Scale, VIX Sliding Scale, and Supplemental VIX Discount. Such orders must be marked with a code approved by the Exchange identifying the orders as eligible for the Fee Cap, Proprietary Products Sliding Scale, VIX Sliding Scale, and Supplemental VIX Discount (i.e., "L" origin code). The Exchange will aggregate the fees and trading activity of separate Clearing Trading Permit Holders for the purposes of the Fee Cap, Proprietary Products Sliding Scale, VIX Sliding Scale, and Supplemental VIX Discount if there is at least 75% common ownership between the Clearing Trading Permit Holders as reflected on each Clearing Trading Permit Holder's Form BD, Schedule A. A Clearing Trading Permit Holder's fees and contracts executed pursuant to a CMTA agreement (i.e., executed by another clearing firm and then transferred to the Clearing Trading Permit Holder's account at the OCC) are aggregated with the Clearing Trading Permit Holder's non-CMTA fees and contracts for purposes of the Fee Cap, Proprietary Products Sliding Scale, VIX Sliding Scale, and Supplemental VIX Discount. The actual transaction fees resulting from any of the strategies defined in Footnote 13, after relevant caps are applied, will apply towards reaching the Fee Cap. However, contract volume from any such strategies for which the strategy cap is applied will not apply towards reaching the multi-list qualifying tiers for the Proprietary Products Sliding Scale. For facilitation orders (other than Sector Indexes (47) and Underlying Symbol List A (34) excluding binary options) executed in open outcry or as a CFLEX transaction, Cboe Options will assess no Clearing Trading Permit Holder Proprietary transaction fees. <u>For facilitation orders for Sector Indexes (47) executed in open outcry, or electronically via AIM or as a QCC or CFLEX transaction, Cboe Options will assess no Clearing Trading Permit Holder Proprietary transaction fees through June 30, 2019.</u> "Facilitation orders" for this purpose to be defined as any order in which a Clearing Trading Permit Holder (F) origin code or Non-Trading Permit Holder Affiliate ("L" origin code) is contra to any other origin code, provided the same executing broker and clearing firm are on both sides of the transaction (for open outcry) or both sides of a paired order (for orders executed electronically).</p> <p style="text-align: center;">*****</p>
