**Form 19b-4 Information (required)**

Add Remove View

The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

**Exhibit 1 - Notice of Proposed Rule Change (required)**

Add Remove View

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

**Partial Amendment**

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) proposes to amend Rules 5.5 and 24.9 to allow the Exchange to open Short Term Option Series (“Weeklys options”) that are opened by other securities exchanges in option classes selected by such exchanges under their respective short term option rules. The text of the proposed rule change is provided below (additions are underlined; deletions are [bracketed]).

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President approved the proposed rule change pursuant to delegated authority on March 1, 2012.

(b) Please refer questions and comments on the proposed rule change to Joanne Moffic-Silver, General Counsel, CBOE, 400 South LaSalle, Chicago, IL 60605, (312) 786-7462 or to Jenny L. Klebes, (312) 786-7466.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of this proposed rule change is to amend Rules 5.5 and 24.9 to allow the Exchange to open Short Term Option Series (“Weeklys options”) that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.<sup>1</sup>

Currently, the Exchange may select up to 30 currently listed option classes on which Weekly options may be opened in the Weeklys Program and the Exchange may also

---

<sup>1</sup> On July 12, 2005, the Commission approved the Weeklys Program on a pilot basis. See Securities Exchange Act Release No. 52011 (July 12, 2005), 70 FR 41451 (July 19, 2005) (SR-CBOE-2004-63). The Weeklys Program was made permanent on April 27, 2009. See Securities Exchange Act Release No. 59824 (April 27, 2009), 74 FR 20518 (May 4, 2009) (SR-CBOE-2009-018).

match any option classes that are selected by other securities exchanges that employ a similar program under their respective rules. For each option class eligible for participation in the Weeklys Program, the Exchange may open up to 30 Short Term Option Series for each expiration date in that class.

This proposal seeks to allow the Exchange to open Weekly option **series** that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. This change is being proposed notwithstanding the current cap of 30 series per class under the Weeklys Program. This is a competitive filing and is based on approved filings and existing rules of The NASDAQ Stock Market LLC for the NASDAQ Options Market (“NOM”) and NASDAQ OMX PHLX, Inc. (“PHLX”).<sup>2</sup>

CBOE is competitively disadvantaged since it operates a substantially similar Weeklys Program as NOM and PHLX but is limited to listing a maximum of 30 series per options class that participates in its Weeklys Program (whereas PHLX and NOM are not similarly restricted).

The Exchange is not proposing any changes to the Weeklys Program other than the ability to open Weekly option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.

The Exchange notes that the Weeklys Program has been well-received by market participants, in particular by retail investors. The Exchange believes that the current proposed revision to the Weeklys Program will permit the Exchange to meet increased customer demand and provide market participants with the ability to hedge in a greater number of option classes and series.

---

<sup>2</sup> See Securities Exchange Act Release Nos. 65775 (November 17, 2011), 76 FR 72476 (November 23, 2011) (SR-NASDAQ-2011-138) and 65776 (November 17, 2011), 76 FR 72482 (November 23, 2011) (SR-PHLX-2011-131).

With regard to the impact of this proposal on system capacity, the Exchange has analyzed its capacity and represents that it and the Options Price Reporting Authority (“OPRA”) have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of series for the classes that participate in the Weeklys Program.

The proposed increase to the number of series per classes eligible to participate in the Weeklys Program is required for competitive purposes as well as to ensure consistency and uniformity among the competing options exchanges that have adopted similar Weeklys Programs.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)<sup>3</sup> of the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations under the Act, in general, and furthers the objectives of Section 6(b)(5),<sup>4</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that expanding the Weeklys Program will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions and hedging decisions in a greater number of securities. The Exchange also believes that expanding the Weeklys Program will provide the investing public and other market participants with additional

---

<sup>3</sup> 15 U.S.C. 78f(b).

<sup>4</sup> 15 U.S.C. 78f(b)(5).

opportunities to hedge their investment thus allowing these investors to better manage their risk exposure. While the expansion of the Weeklys Program will generate additional quote traffic, the Exchange does not believe that this increased traffic will become unmanageable since the proposal remains limited to a fixed number of classes.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to existing NOM and PHLX rules. CBOE believes this proposed rule change is necessary to permit fair competition among the options exchanges with respect to their short term options programs.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

Item 6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time-period for Commission action.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A)<sup>5</sup> of the Act and Rule 19b-4(f)(6) thereunder.<sup>6</sup>

(b) The Exchange asserts that the proposed rule change does not

---

<sup>5</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>6</sup> 17 CFR 240.19b-4(f)(6).

(i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The proposed rule change is substantially similar in all material respects to existing NOM and PHLX rules which permit each exchange to open Weeklys option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. The Exchange also provided the Commission with written notice of its intent to file the proposal, along with a brief description and text of the proposal, prior to the date of the filing of the proposed rule change as required by Rule 19b-4(f)(6).

The Exchange requests that the Commission waive the 30-day operative delay period. Waiver of the operative delay is consistent with the protection of investors and the public interest in that doing so will encourage fair competition among the exchanges, by allowing the CBOE to compete effectively by expanding its Weeklys Program to the current parameters of NOM and PHLX's Weeklys Programs.

For the foregoing reasons, the Exchange believes this rule filing qualifies for expedited effectiveness as a “non-controversial” rule change under Rule 19b-4(f)(6) of the Act.

(b) Not applicable.

(c) Not applicable.

Item 8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or the Commission

As discussed above, this proposed rule change is based on proposed rule changes of NOM and PHLX.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Rules 5.5 and 24.9 to allow the Exchange to open Short Term Option Series ("Weeklys options") that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.<sup>5</sup>

Currently, the Exchange may select up to 30 currently listed option classes on which Weeklys options may be opened in the Weeklys Program and the Exchange may also match any option classes that are selected by other securities exchanges that employ a similar program under their respective rules. For each option class eligible for participation in the Weeklys Program, the Exchange may open up to 30 Short Term Option Series for each expiration date in that class.

---

<sup>5</sup> On July 12, 2005, the Commission approved the Weeklys Program on a pilot basis. See Securities Exchange Act Release No. 52011 (July 12, 2005), 70 FR 41451 (July 19, 2005) (SR-CBOE-2004-63). The Weeklys Program was made permanent on April 27, 2009. See Securities Exchange Act Release No. 59824 (April 27, 2009), 74 FR 20518 (May 4, 2009) (SR-CBOE-2009-018).

This proposal seeks to allow the Exchange to open Weekly option **series** that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. This change is being proposed notwithstanding the current cap of 30 series per class under the Weeklys Program. This is a competitive filing and is based on approved filings and existing rules of The NASDAQ Stock Market LLC for the NASDAQ Options Market (“NOM”) and NASDAQ OMX PHLX, Inc. (“PHLX”).<sup>6</sup>

CBOE is competitively disadvantaged since it operates a substantially similar Weeklys Program as NOM and PHLX but is limited to listing a maximum of 30 series per options class that participates in its Weeklys Program (whereas PHLX and NOM are not similarly restricted).

The Exchange is not proposing any changes to the Weeklys Program other than the ability to open Weekly option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.

The Exchange notes that the Weeklys Program has been well-received by market participants, in particular by retail investors. The Exchange believes that the current proposed revision to the Weeklys Program will permit the Exchange to meet increased customer demand and provide market participants with the ability to hedge in a greater number of option classes and series.

With regard to the impact of this proposal on system capacity, the Exchange has analyzed its capacity and represents that it and the Options Price Reporting Authority (“OPRA”) have the necessary systems capacity to handle the potential additional traffic

associated with trading of an expanded number of series for the classes that participate in the Weeklys Program.

The proposed increase to the number of series per classes eligible to participate in the Weeklys Program is required for competitive purposes as well as to ensure consistency and uniformity among the competing options exchanges that have adopted similar Weeklys Programs.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)<sup>7</sup> of the Act and the rules and regulations under the Act, in general, and furthers the objectives of Section 6(b)(5),<sup>8</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that expanding the Weeklys Program will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions and hedging decisions in a greater number of securities. The Exchange also believes that expanding the Weeklys Program will provide the investing public and other market participants with additional opportunities to hedge their investment thus allowing these investors to better manage their risk exposure. does not believe that this increased traffic will become unmanageable since the proposal remains limited to a fixed number of classes.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to existing NOM and PHLX rules. CBOE believes this proposed rule change is necessary to permit fair competition among the options exchanges with respect to their short term options programs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section

19(b)(3)(A) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup> At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
