Such partial amendment shall be clearly identified and marked to show deletions and additions.

Item 1. Text of the Proposed Rule Change

(a) Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) proposes to amend Interpretation and Policy .07 to Rule 4.11 (Position Limits) by extending a pilot program that eliminates the position and exercise limits for physically-settled options on the SPDR S&P 500 ETF Trust (“SPY Pilot Program”), which is currently set to expire on November 27, 2013. The text of the proposed rule change is provided below and in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President pursuant to delegated authority approved the proposed rule change on October 23, 2013.

(b) Please refer questions and comments on the proposed rule change to Joanne Moffic-Silver, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7462, or Jenny Golding, (312) 786-7466, Chicago Board Options Exchange, Incorporated, 400 South LaSalle, Chicago, Illinois 60605.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Interpretation and Policy .07 to Rule 4.11 (Position Limits) to extend the duration of the SPY Pilot Program for an additional fourteen months.¹ The SPY Pilot Program is currently scheduled to expire on November 27, 2013

¹ See Securities Exchange Act Release No. 67937 (September 27, 2012) 77 FR 60489 (October 3, 2012) (SR-CBOE-2012-091).

and this proposal would extend the SPY Pilot Program through January 27, 2015. There are no substantive changes being proposed to the SPY Pilot Program.

In proposing to extend the SPY Pilot Program, the Exchange reaffirms its consideration of several factors that supported its original proposal to establish the SPY Pilot Program, which include: (1) the liquidity of the option and the underlying security; (2) the market capitalization of the underlying security and the securities that make up the S&P 500 Index; (3) options reporting requirements; and (4) financial requirements imposed by CBOE and the Commission.

In the original proposal to establish the SPY Pilot Program, CBOE stated that if CBOE were to submit a proposal to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program, CBOE would submit, along with any proposal, a report providing any analysis of the SPY Pilot Program covering the first twelve months during which the SPY Pilot Program was in effect (the “Pilot Report”).² However, because not all self-regulatory organizations (“SROs”) have adopted similar rules eliminating position and exercise limits for SPY options and because market participants that are members of such SROs are required to comply with the more restrictive SPY option position and exercise limits, no market participants have availed themselves of the SPY Pilot Program. As a result, there is not sufficient data to compile a meaningful Pilot Report at this time to file with this current extension request.

The Exchange believes that it is appropriate to extend the SPY Pilot Program for an additional fourteen months to provide time for other SROs to adopt similar pilot programs that eliminate positions and exercise limits for SPY options. In that event (and in a year’s time), the Exchange will be able to prepare a meaningful Pilot Report in support of a

² See 77 FR at 60490.

proposal to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program.

As with the original proposal to establish the SPY Pilot Program, the Exchange represents that the Pilot Report would be submitted within thirty (30) days of the end of the first twelve months of the extended SPY Pilot Program time period and would cover the twelve months that just ended. The Pilot Report would detail the size and different types of strategies employed with respect to positions established as a result of the elimination of position limits in SPY options. In addition, the Pilot Report would note whether any problems resulted due to the no limit approach and any other information that may be useful in evaluating the effectiveness of the SPY Pilot Program. The Pilot Report would compare the impact of the SPY Pilot Program, if any, on the volumes of SPY options and the volatility in the price of the underlying SPY shares, particularly at expiration. In preparing the report the Exchange would utilize various data elements such as volume and open interest. In addition the Exchange would make available to Commission staff data elements relating to the effectiveness of the SPY Pilot Program.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.³ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁴ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(5).

of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, the Exchange believes that extending the SPY Pilot Program promotes just and equitable principles of trade by permitting market participants, including market makers, institutional investors and retail investors, to establish greater positions when pursuing their investment goals and needs.

Item 4. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, whether between the Exchange and its competitors, or among market participants. Instead, the proposed rule change is designed to allow the SPY Pilot Program to continue while other SROs adopt similar provisions and meaningful data can be compiled into a Pilot Report.

Item 5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

(b) The Exchange asserts that the proposed rule does not (i) significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The Exchange believes that extending the SPY Pilot Program is non-controversial and would not significantly affect the protection of investors because it permits market participants to establish greater positions when pursuing their investment goals and needs. At the same time, the Exchange believes that the continued elimination of position and exercise limits for SPY options would not increase market volatility or facilitate the ability to manipulate the market. In addition, the Exchange believes that extending the SPY Pilot Program would provide additional time for other SROs to adopt similar rules eliminating position requirements for SPY options so that the Exchange can compile data for a meaningful Pilot Report. The proposed rule change is also substantially similar in all material respects to a NYSE MKT LLC proposal that the Commission recently noticed.⁷

The Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. Waiver of the operative delay is consistent with the protection of investors and the public interest because it will benefit market participants since immediate operability will allow the SPY Pilot Program to continue without interruption.

For the foregoing reasons, this rule filing qualifies as a “non-controversial” rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Fourteen Month Extension of Pilot Program that Eliminates Position and Exercise Limits for Physically-Settled SPDR S&P 500 ETF Trust (“SPY”) Options

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, 2013, the Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

The text of the proposed rule change is available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Interpretation and Policy .07 to Rule 4.11 (Position Limits) to extend the duration of the SPY Pilot Program for an additional fourteen months.⁵ The SPY Pilot Program is currently scheduled to expire on November 27, 2013 and this proposal would extend the SPY Pilot Program through January 27, 2015. There are no substantive changes being proposed to the SPY Pilot Program.

In proposing to extend the SPY Pilot Program, the Exchange reaffirms its consideration of several factors that supported its original proposal to establish the SPY Pilot Program, which include: (1) the liquidity of the option and the underlying security; (2) the market capitalization of the underlying security and the securities that make up the

S&P 500 Index; (3) options reporting requirements; and (4) financial requirements imposed by CBOE and the Commission.

In the original proposal to establish the SPY Pilot Program, CBOE stated that if CBOE were to submit a proposal to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program, CBOE would submit, along with any proposal, a report providing any analysis of the SPY Pilot Program covering the first twelve months during which the SPY Pilot Program was in effect (the “Pilot Report”).⁶ However, because not all self-regulatory organizations (“SROs”) have adopted similar rules eliminating position and exercise limits for SPY options and because market participants that are members of such SROs are required to comply with the more restrictive SPY option position and exercise limits, no market participants have availed themselves of the SPY Pilot Program. As a result, there is not sufficient data to compile a meaningful Pilot Report at this time to file with this current extension request.

The Exchange believes that it is appropriate to extend the SPY Pilot Program for an additional fourteen months to provide time for other SROs to adopt similar pilot programs that eliminate positions and exercise limits for SPY options. In that event (and in a year’s time), the Exchange will be able to prepare a meaningful Pilot Report in support of a proposal to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program.

As with the original proposal to establish the SPY Pilot Program, the Exchange represents that the Pilot Report would be submitted within thirty (30) days of the end of the first twelve months of the extended SPY Pilot Program time period and would cover

⁶ See 77 FR at 60490.

the twelve months that just ended. The Pilot Report would detail the size and different types of strategies employed with respect to positions established as a result of the elimination of position limits in SPY options. In addition, the Pilot Report would note whether any problems resulted due to the no limit approach and any other information that may be useful in evaluating the effectiveness of the SPY Pilot Program. The Pilot Report would compare the impact of the SPY Pilot Program, if any, on the volumes of SPY options and the volatility in the price of the underlying SPY shares, particularly at expiration. In preparing the report the Exchange would utilize various data elements such as volume and open interest. In addition the Exchange would make available to Commission staff data elements relating to the effectiveness of the SPY Pilot Program.

(a) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, the Exchange believes that extending the SPY Pilot Program promotes just and equitable principles of trade by permitting market participants,

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

including market makers, institutional investors and retail investors, to establish greater positions when pursuing their investment goals and needs.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, whether between the Exchange and its competitors, or among market participants. Instead, the proposed rule change is designed to allow the SPY Pilot Program to continue while other SROs adopt similar provisions and meaningful data can be compiled into a Pilot Report.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate,

it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule

change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments
